Floral Tributes since 1960

Sunnyside
Kilmanning

We are a family run garden centre with an amazing florist shop which has been making bouquets and floral tributes since 1960.

Every request is treated with care, consideration and sensitivity by our experienced staff. Our florists understand your situation at this very difficult time. We are always happy to walk you slowly through the decision making so that your floral tribute is special just for you.

Our brochure contains a wide but by no means exhaustive range of our work. Our experienced florists can handle any specific ideas you may have. Almost any designs or colours can be achieved and we will always try our very best to accommodate your requests.
